A Business / Community Influenza Pandemic Tabletop Exercise

Current Situation # 3 – Thursday 9:07AM

Influenza vaccine manufacturers are placed on alert and begin to prepare for the production of a vaccine to combat the H7N3 influenza virus.

The outbreak caused by the novel influenza virus begins to make headlines in every major newspaper and becomes the lead story on CNN, MS-NBC and Fox News.

Key United States government officials are briefed on a daily basis as surveillance is intensified throughout Southeast Asia and the Pacific Rim.

The Centers for Disease Control and Prevention (CDC) has issued a **Travelers Health Warning** for those traveling to and from China and Indonesia, and a Travel Health Precaution for most of the other Southeast Asian countries.

Understanding The Threat

✿ **Traveler Health Warning** provides health information for specific destinations.
